

# Budget Vehicle Warranty

We know that you want to keep your vehicle running smoothly, whether it is relatively new and still under the manufacturer's warranty, or one that has been around the block a few times.

That's why we offer our Vehicle Warranty with three different tiers, making sure that you have cover that's perfect for whatever you drive. From mechanical components to the electric and electronic systems, Budget Vehicle Warranty means you will be prepared for any eventuality.

**Here's the best news: there are no limits to the cover for the components included in each tier!** However, there are limits applicable to some of the benefits included - please see your policy schedule for these limits.

## 1. Auto Plan Warranty
